Elk Grove, IL –

Formula Systems North America held its annual Christmas party at a sports bar in Elk Grove, Illinois on Thursday, December 7. As part of the festivities, Formula Systems held a Football Square Fundraiser for the Elevator Escalator Safety Foundation (EESF).

Formula Systems North America President, John Curzon, said, “The presentation [EESF] made to the group a couple of years ago stating that the program was effective is what sold me. We really believe in what the Foundation does and are happy to support you.” Guests were asked to buy squares at \$10 each with the proceeds being donated to EESF.

Barbara Allen, Executive Director of EESF was asked to randomly pick 0-9 for each team and plug the numbers into the chart. All squares not sold were given to the Foundation. The winner for each quarter of the Pittsburgh Steelers and Cleveland Browns game was determined by the score of the game. Each quarter winner received a \$100 gift card.
